

ALUR – podesta S3

S3

S3 is the perfect self-build platform system for basic stage applications. The light-weight aluminium profile combines with a rigid deck construction to create simple stage configurations. The low-profile stage is available with either an indoor or outdoor (water-resistant) plywood deck.

Technical data

dimensions	>	200x100
height	>	adjustable up to 140 cm
max. load	>	750 kg/m ²
top	>	plywood 15 mm
weight	>	35 kg
storage height	>	10 cm
platform material	>	aluminium
special surface	>	possible
special sizes	>	possible

S3
plug-in leg with quicklock mechanism

S1, S3
indoor wooden top / outdoor water-resistant surface

S3, S1
xStage connection system
